

Andalus repertoire

3 x sets of 40 mins each, for example:

DRINKS RECEPTION:

As your guests start to arrive for the drinks reception they could be playing gentle Latin styled soft instrumental guitar music and vocals. All the guests would see and hear them upon their arrival. When most (or all) of the guests have arrived, they would then play slightly more upbeat music, to set the mood for later!!

LATER SETS:

They can then provide a blend mix of both light and faster music, leading on to more popular pieces that are well known by all. For example they could play a full dancing set of Gypsy Kings greatest hits such as Volare, Bamboleo, Djobi Djoba etc.

They also perform songs by other artists for example Bailando (Enrique Iglesias), Dance the Night Away (Mavericks), Living La Vida Loca (Ricky Martin), Despacito (Luis Fonsi / Justin Bieber) and Get Lucky (Daft Punk).
